

JGR Training

New enrolments Since Spring, we have enrolled 19 learners onto a training programme to complete a Diploma in their occupational route.

Achievements Since Spring, we have had 9 learners achieve their Apprenticeship Frameworks.

We were mentioned in the NFTW Press Release in June, which showcased our learner's inspirational story while being an Apprentice at the Welsh Parliament. Photo of Mahima Khan. <http://www.jgr.co.uk/2020/06/12/nftw-press-release/>

Learner Voice Survey Thank you to our learners who took part in this year's Learner Voice Survey. We achieved our 80% target response rate.

We continue to review our learners' feedback and implement new ideas to support their learning journey.

Covid-19 We would like to thank all our learners for their continued engagement in their learning. Well done for the achievements you have made under these difficult circumstances.

We have continued to support our learners using a variety on online collaboration tools, and Microsoft Teams has been a huge success.

Stay safe.

Learner of the Season in Spring was awarded to Shauna Hitchings at CGI.

Shauna has made excellent progress in her course. It has been an extremely trying time for everyone in light of the Covid-19 emergency but Shauna has kept all of our scheduled calls, has always been engaging and enthusiastic. If Shauna is stuck or doesn't understand something she always contacts me and we work through the issue until she feels confident in completing it on her own. I have seen Shauna's confidence and ability go from strength to strength since becoming her Assessor at Christmas time.

Shauna has had the added stress of working from home with a house that is undergoing renovations.

Shauna will be starting her maternity leave soon so I would like to wish her Congratulations on being our learner of the season and the very best of luck for her Maternity leave.
